

Heating and Plumbing Engineer based in High Wycombe.

For the last 30 years, GB Electrical & Building Services has gained a reputation for successfully delivering minor and major building projects. Typically, these works include:

- Responsive repairs, empty property maintenance and Upgrade works to domestic properties.
- Individual refurbishment and development projects to public, private and community buildings.
- Home improvements including disabled adaptations.
- Facility management services.

We seek experienced individuals who can evidence a desire for continuous personal development in all aspects of their work, while embracing the company's appetite for commercial growth.

Based in Walters Ash, High Wycombe we can now offer the opportunity for a Heating and Plumbing Engineer to join our team undertaking work in domestic properties.

The ideal candidate will have:

- Proven experience of undertaking all aspects of domestic gas and plumbing.
- An ability to complete additional works outside of the traditional disciplines associated with gas and plumbing.
- Thorough technical knowledge in all aspects of gas and plumbing works.
- The minimal level of qualifications (CCN, CENWAT, CKR1, HTR1 and CPA1) and education to support all works reasonably expected to be completed by the post holder. (Job description available upon request).
- Excellent communication skills.
- Ability to use on initiative.
- Enthusiastic and positive outlook.

A company van, phone and uniform will be provided. (Driving licence required)

Applicants must be available to work on a call out rota for which a standby fee and enhanced rate of pay per call out will apply.

42.5 Hours a week | Monday to Friday

20 days + 8 bank holidays

Job: Full-time, Permanent

Benefits: Company Pension

Salary: £30,000 - £32,000 per year
