

Wetroom Adaptation Customer Testimonial

Mrs E. Leintwardine applied for a Disabled Facilities Grant (DFG) through her local council and was awarded a grant to convert her bathroom into a full level access wetroom.

“The bathroom’s beautiful; I am very, very happy with it...”

Did the service meet your expectations?

They were brilliant, and did a fantastic job to be honest. I’m 85 years old and I’ve never met a better worker. Stuart was one of the best I have seen and that is saying something with all my years - he deserves a bonus. I really can’t complain. Nothing was too much effort for him and he cleaned up after himself on every job.

How has it impacted your daily life?

Oh yes definitely!

If you were to recommend us, what would you say?

I would definitely recommend Stuart to anyone, he’s the best I’ve seen. He was an excellent boy. He did his job brilliantly. The bathroom’s beautiful; I am just very, very happy with it.
