

Wetroom Adaptation Customer Testimonial

We spoke to the partner of Miss A. from Hereford to see how their complete level access wetroom installation went.

"...very pleased with the overall performance from your company from start to finish..."

Why did you choose GB Home Adaptations to do the work?

You were recommended through the occupational therapist.

Did the service meet your expectations?

Yes, very good. Stuart was very good. The finish was very good too.

How has it impacted your daily life?

Going to be very helpful. The raised height toilet and shower is good. My partner couldn't shower on her own before so it gives her back a bit of independence.

If you were to recommend us what would you say?

Stuart was a very good worker, and did a very good job. We are very pleased with the overall performance from your company from start to finish.
