

Heating and Plumbing Engineer based in Telford

For the last 30 years, GB Electrical & Building Services has gained a reputation for successfully delivering minor and major building projects. Typically, these works include:

- Responsive repairs, empty property maintenance and Upgrade works to domestic properties.
- Individual refurbishment and development projects to public, private and community buildings.
- Home improvements including disabled adaptations.
- Facility management services.

We seek experienced individuals who can evidence a desire for continuous personal development in all aspects of their work, while embracing the company's appetite for commercial growth.

We can now offer the opportunity for additional Heating and Plumbing Engineers to join our large multi-disciplined operation based out of Telford.

The ideal candidate will have:

- Proven experience of undertaking all aspects of domestic gas and plumbing repairs, maintenance and new installations.
- An ability to complete additional works outside of the traditional disciplines associated with gas and plumbing.
- Thorough technical knowledge in all aspects of Gas and Plumbing works.
- Excellent Communication skills
- Ability to use own Initiative
- Enthusiastic and positive outlook

Gas qualifications (CCN1, CENWAT, CKR1, HTR1 and CPA1) are mandatory for this role.

Applicants must be available to work on a call out rota for which you will receive a standby fee, paid per day. All call outs paid at x1.5 hourly rate.

A Company van, power tools, phone and uniform will be provided.
