How did you come to choose GB Home Adaptations to do the work?

Well, you were recommended through the OT, you see.

Did the service meet your expectations?

Oh yes, they were marvelous. I had Lee and his colleague here. They were very good, and quick too. They did it all within two days as they were trying to beat the bad weather.

How has it impacted your daily life?

I can get out on my scooter now.

If you were to recommend us what would you say?

Excellent.
