

Complete Level Access Wetroom Customer Testimonial

After an occupational therapist assessment Mr C. from Hereford was awarded a Disabled Facilities grant to adapt his family bathroom into a complete level access wetroom.

"I didn't realise how much I was struggling before. It's made a huge change for me..."

How did you come to choose GB Home Adaptations to do the work?

I had an Occupational Therapist assessment and it kinda all went from there.

Did the service meet your expectations?

They've done a great job of it. The builder was a great guy. I'm pleased with it. I couldn't wait to get into it and made sure I was the first one to try it all out.

How has it impacted your daily life?

Brilliant, I can go in now and sort myself out at my own leisure. It's a lot, a lot easier, I'm chuffed to bits with it. I used to have to go to my sisters for a proper wash and that was few and far between. I don't think my kids realised how much I struggled with it either.

If you were to recommend us what would you say?

Without a doubt. I'm a lot cleaner, I don't know how long it has been since I've been able to have a shower. You take it for granted when you can. I'm getting worse daily, so it's gonna make a big difference. I didn't realise how much I was struggling before. It's made a huge change for me.
