

Complete Level Access Wetroom Customer Testimonial

We spoke to Mr H. from Herefordshire who had half of his garage converted into a downstairs toilet area and utility room.

“...friendly people. It really was better than expected...”

How did you come to choose GB Home Adaptations to do the work?

I had a wetroom installed upstairs last year and it was agreed then that I would have a toilet area put in downstairs. It was all coordinated through the Home Improvements Agency.

Did the service meet your expectations?

Perfect, better than expected. Pete, our builder, was a good guy, tidy, efficient and on the ball.

How has it impacted your daily life?

Ah magic! I'm in a wheelchair and I didn't have a bathroom whatsoever downstairs before so I'd have to go out upstairs and it would take me hours! Now, I just wheel in and wheel out, easy!

If you were to recommend us what would you say?

I would recommend you. I'd say you were efficient, on the job, it was perfect and you are all friendly people. It really was better than expected.
