

Electrical QS based in Hereford.

For the last 30 years, GB Electrical & Building Services has gained a reputation for successfully delivering minor and major building projects. Typically, these works include:

- Responsive repairs, empty property maintenance and Upgrade works to domestic properties.
- Individual refurbishment and development projects to public, private and community buildings.
- Home improvements including disabled adaptations.
- Facility management services.

We seek experienced individuals who can evidence a desire for continuous personal development in all aspects of their work, while embracing the company's appetite for commercial growth.

We can now offer the opportunity for an Electrical QS to join our expanding team, based in Hereford.

Specific responsibilities include;

- Representing the Company as QS for NICEIC.
- Continually striving to ensure work undertaken by electricians, both in house and subcontract, meets company and legislative requirements. It is anticipated that this will involve undertaking on-site audits with electrical engineers.
- Providing support to our regional contracts managers with compliance of our electricians, visiting the local offices, undertaking occasional Tool Box Talks, signing off electrical condition reports and providing electrical knowledge.
- To ensure calibrations of equipment are carried out as and when required and necessary records are maintained.
- Work closely with the company's H&S representatives to ensure high standards of work and communications are maintained.
- Identify any training requirements that would enhance the team's ability to improve the service provided.
- Continually review kit as part of the engineer's van stock, identifying items used to see if they remain fit for purpose, where improvement is identified, liaise with suppliers to find a better-quality item and implement this into the van stocks.
- Coordination of the company's PAT testing regime.
- Identify new opportunities for the business to explore

Electrical QS based in Hereford.
